PLANT BASED | VEGAN FRIENDLY

www.kelstar.co.nz | kelstar.co.nz@gmail.com

Kelstar are an artisan business specializing in small batch, handmade, plant based and vegan friendly food products.

Our dried Burger and sausage mixes are convenient, delicious, and easy to use on their own or as a seasoning for meat dishes.

Our plant based 'steak' makes any meal special.

Love honey? Then our vegan pine syrup will have you wondering whether it really is honey!

Available in a golden liquid for pouring on pancakes, cooking, putting in drinks.

And now our NEW creamed pine syrup is available for spreading on your toast. 9 months in the making, it's the closest thing to clover honey but without the bees!

With more unique products in development, Plant Based never tasted so good!
